# Elementary Day Camp

Grades 1st through 6th  
9:00 a.m. - 3:00 p.m.

## Opera Camp: June 17th - June 28th

Elementary students will have the opportunity to collaborate, create, rehearse, and perform an original children's opera. The children will learn about music composition, compose several musical pieces for the show, and design and create the sets, costumes, and props. On the morning of Friday, June 28th, they will perform the fully-staged opera. Afternoons will include traditional camp activities like swimming and outdoor play. This is truly a unique opportunity for the children to create a work of art with our Music Director, Mr. Francavilla.

## Master Chef Junior: July 1st - July 12th

Two weeks of fun AND learning in the kitchen with Magali DePilla and Kim Anderson. Students will prepare two complete meals while developing skills like baking, frying, chopping, peeling, balanced menus, use of food processors, etc.... In addition, after their internship as sous-chefs, they will have a cook-off competition to see which team can prepare the best meal with a given set of ingredients. Children receive an apron and chef's hat that they decorate at the beginning of camp and take home.

## Sports Camp: July 15th - July 26th

Join Mr. Calise and Mrs. Wesenberg for a fun-filled and jam packed two weeks of nothing but sports! Students will learn skills and compete in tournaments in a wide variety of activities including, but not limited to, archery, dodgeball, and volleyball.

## STEM/Engineering Camp: July 29th - August 2nd

Explore! Build! Create! This summer we are offering a one-week summer camp filled with fun, hands-on engineering/STEM activities with Mr. Doyle! Your curious explorers will enhance their creative problem solving and critical thinking skills, as well as create some fun and inventive projects.

## Derby Camp: August 5th - August 9th

In the spirit of the original Pinewood Derby, participants will have the chance to build, decorate, and race their own Pinewood Derby Car with Mr. Doyle! Participants will learn about the science behind making a fast car, and they get to take their car home at the end of the week!
